## CITY WILL SELL REMAINING HORSES

Municipal Barn-Garage Will Be Transformed Into One Large Garage.

Janesville, as a city, is going to quit the horse business.

The old Hout house barn, in the rear of the city hall, which has served the city as a combination of a garage and a place for street department equipment and other apparatus, City Manager Henry Traxler announced Monday.

Mr. Traxler is now making efforts to sell the last two teams of horses remaining in the service of the street department, and when they are sold the building will be torn down to provide additional room for the city horses now on hand are all that are left of the city's army of 24 which were in the city for many years.

The old administration building, having disposed of many of them before going out of business.

Will Save Money.

"The city is undoubtedly effecting a saving of money by getting rid of its horses and instead, hiring teams by the day when needed," said the city manager. "Very few cities can afford to keep their own teams for highway work, as they find it is too expensive. The cost of feed, shoeing, veterinarian's services and general care amounts to a large figure, especially when they are in the city for many days in the year when the teams are not needed at all."

In the 1922 budget for the city, \$4,000 was allotted for the barn and garage, while this year, only \$3,000 was set aside for this purpose.

Approximately half of the city barn-garage is now taken up by stalls, so that by making it into a garage, it will be available for garage purposes.

Most of the city-owned wagon and other equipment will be retained. Mr. Traxler said, as the service performed by teams can be doubled if there are plenty of wagons. A team can be hauling one and can thus be kept on the move almost continuously, he explained.

## GOK WALTON GETS COURT AID TO DEFEAT ELECTION

Continued from Page 1

Official acts of the executive. Mr. Russell, the petition early today.

The petition, Mr. Russell, said, would seek an investigation of alleged misuse of public funds by Governor Walton and also would direct inquiry into the governor's alleged commissioning thousands of special state police.

A former grand jury called upon petition circulated by Mr. Russell to investigate the executive's alleged misuse of public funds.

The charges of misuse of funds grew out of the allegation that the governor used state employees contrary to law in checking signatures on the initiative petition.

On the initiative petition, approved yesterday, the legislature to meet without his call to review official acts of state officers.

Hearing on an application to make permanent the restraining order against the election board was set for October 9.

## GOVERNOR WILL TRY TO OBTAIN CITY RECORD REPORT

Oklahoma City.—The state capital was again under guard of state troops today. Frank Carter, chairman of the state corporation commission, declared it was his understanding that the guards were under orders to prevent certification to the state election board of returns from yesterday's state election. As stated, the guards were under orders to prevent certification to the state election board of returns from yesterday's state election.

Later, Adjutant General C. F. Barrett declared that the guards were under orders to prevent certification to the state election board of returns from yesterday's state election.

Opening his expected assault on the legislature yesterday, the state board of election, Governor J. C. Walton, through counsel, today filed application for an injunction in state district court to restrain the state election board from certifying the returns from the election.

## OKLAHOMA REPUDIATES GOVERNOR WALTON AT ELECTION

Oklahoma City, Okla.—Opponents of Governor Walton scored a sweeping victory yesterday in the most spectacular election ever held in Oklahoma.

By a decisive majority, a constitutional amendment was passed empowering the state legislature to meet on its own call to consider impeachment charges against the governor.

Despite the executive's proclamation postponing the election and his threat to block it by armed force, opposition was negligible and polling proceeded peacefully, except for minor instances throughout the state.

Indications early today were that the heaviest vote for a referendum election in the history of the state would be cast.

The overwhelming success of the measure, however, was believed to have been responsible in part for the defeat of five other constitutional amendments, including a soldier's bonus.

In only three counties, according to reports, was the election wholly prevented. These were Cleveland, Harper, where the non-arrival of supplies made balloting impossible; and Delaware, where the civil commission blocked the election in compliance with Governor Walton's orders.

Copying to the statement of Representative W. D. McBee that the "despotic administration" no longer can be representative of a small part of the people because such an overwhelming majority repudiated it in the election, Governor Walton declared last night.

And still governor of the state, the night on the invisible empire has just started in Oklahoma.

## Busy Man's Sport Page

By FRANK SINCLAIR

IT IS EARLY in the high school football year of Wisconsin, but it is not too early to do a little wondering. When the season gets toward its close in the middle of November, will there be another squabble over the state championship, such as has been holding forth in Badgerdom since as far back as 1912 and perhaps earlier than that? The wrangle was hot and heavy last year and was settled temporarily when Fred A. Holt, Edgerton, chairman of the Board of Control of the Wisconsin Interscholastic Athletic Association, put his foot down and said that the Madison-Sheboygan game must not be advertised as a state championship affair.

IT IS TAKEN for granted, of course, that the 1922 ruling still stands. It is hoped that all schools of the state will act upon the basis and play their natural rivalry for the honor of a neighborhood victory. There cannot be even sectional titles for schedules have not been arranged for any such purpose.

THE QUESTION is sure to bound up again this season, however. The state association passed it by at its late annual session, largely because of its complexity. If a suggestion is not out of order, would it not be a wise thing for the W. I. A. A. to appoint a special committee to look into the problem with a view to studying a cure. Evidently, a method of deciding the state prep-school title is wanted, for otherwise it would not bob up again year after year to torment the state that are in the heat of athletic government. The temporary action of the chairman should suffice for the season, but why let another go by forever, undecided?

Your town! Make it a playground, not a pay ground.

Lexington, Ky. — Ethelinda won the Kentucky Futurity.

Defensive tactics were prominent in Big Ten workouts yesterday, the majority of the teams familiarizing themselves with the prospective play of coming opponents, with results highly gratifying to coaches of most of the teams.

Ohio State went through a round of defensive signal drill, a strong feature in the Ohio workouts for years. Minnesota and South Dakota, among against the Ames plays used by the scrubs holding them so well they failed to make a first down. Illinois freshmen went against the varsity with Nebraska plays but did not accomplish much.

Iowa and Wisconsin continued their secret practice while Purdue went through a heavy scrimmage schedule. Indiana's practice was devoted to punting as a pastime. Chicago freshmen held the regulars to one touchdown in a practice game. Northwestern's best showed up well against the yearlings in scrimmage.

Individual workouts were the keynote of the Michigan practice, the Wolverine squad also working on defensive plays to be used against Case on Saturday.

Baseball Gleasons—Kid Gleason will remain as manager of the Chicago White Sox and Ty Cobb will continue to lead the Detroit Tigers. The Yankees are a 6 to 5 bet to defeat the New York Giants in the "World's Series." The Chicago Cubs defeated the Boston Red Sox in the "World's Series" game Tuesday. The Baltimore Orioles made it three straight from the New York Yankees Tuesday, the score being 4-3.

Coach Tommy Mills of Beloit college was confined to his bed with acute indigestion Tuesday—Columbus, Tenn. — The Detroit Tigers will meet the Milwaukee Badgers Sunday—Coe is in great shape for the game with Wisconsin at Madison Saturday.

Kid Gleason Not to Be Dropped from Detroit Job  
Chicago—Kid Gleason, manager of the Chicago Americans will not be dropped as manager, manager of the Detroit Americans, according to the Chicago Herald and Examiner today.

Cobb is collecting \$50,000 a year for leading the Detroit team and is serving the first year on a five year contract. Gleason was offered the "Tiger" manager's job, but he declined and declined to accept the leadership of the White Sox.

Ty Cobb can manage the Detroit club just as long as he lives, the Detroit American Association President Frank Navin of the Detroit club, as saying.

Fort Atkinson—Manager L. J. Jeffers announced Fort Atkinson high school's football schedule to be complete except for the Thanksgiving day game. ## HIGH PUNTS ARE FAVORED

By SOL MEIZER. Why are some punts high and others low? I have noticed that certain eleven invariably punt the ball high and others punt it low. Some coaches believe in a low ball when their fullback punts. One object is to kick it over the opposing backfield, the other is to get the ball as far up the field as possible. All coaches agree that the punter they can keep the ball from their own goal the fewer are the chances of the opponents scoring.

Low punts are valuable under many conditions in football. Cornell defeated Harvard in 1915 by reason of one such punt. Harvard had driven the attack into Cornell's territory and had succeeded in keeping the ball there. Cornell eventually stopped one big Harvard drive near its goal-line. A high wind was blowing at the time and toward Harvard's goal. Cornell's punter then kicked from back of his goal-line and with the wind. He got off a long, low punt that rolled out of bounds about ten yards from Harvard's goal. The result was that the whole complexion of that game instantly changed. Harvard was thrown on the defensive with Cornell.

## Milton College Has Heavy Line; Speedy Backfield

(By Gazette Correspondent) Milton—The beginning of intensive training for the first game of the Milton college eleven shows a heavy line and a light, speedy backfield. Although seven veterans are back, there are several holes in the team to be filled. In the line, center, one tackle and one end position are still uncertain. Dillner is showing up well at end and should be a factor in Milton's open game. Blake, Seagr and Captain Hill are showing great speed in the backfield and the line looks good with Bingham, Greene, Garvin, Benz and Meyer of last year's aggregation back.

Tackling, falling on the ball, forcing punting and receiving, punting, interference work, and a long signal drill was the order Monday. No injuries of serious nature have interfered with the work.
